- Jerry -

Well life is short, seems
like we barely started
school yesterday, all to
soon we have to be saying
Good By. Life keeps
on rolling even if you're ready
for it or not. I wish we
could have gotten to know one
another a bit better, but I
guess a quiet guy like you
and a rowdy person like me
are like two ships that pass
in the night. I wish your
future will bring all pleasure
and joy. Take every day slowly
and surely making sure you're
a Blessing to someone. Smile
because Christ loves you!

Jerry,
I feel so privileged
getting to be the first
to sign your yearbook!
It's been fun getting to know
you this year! I really enjoyed
modeling for you it was quite an

will be good to you! Maybe some day
you will become a famous Photographer!
I will keep you in my prayers.

NO PROBLEM YET WORLD these are only our FRESHMEN and SOPHOMORES. They're too young to cause you much concern this year . . . They're coming though! They are energetic and bright and only their age stops them. The classes of 1983 and 1984 are certain to make their marks, but they have to wait a little longer. They started SHS the right way: they studied, they participated and they did get involved this year. Their officers were good leaders and had no trouble leading their classes because of the quality of students in the classes. When not studying, the majority of the members of the classes 'took aim' at the juniors and seniors and said, "We'll do better . . . you just wait and see." 1980-81 was a good year for Sanger High's youngsters. We like to call them 'youngster' because that's what we were called. We like to remind them of their 'place', but it was difficult this year. They accomplished a great deal. Our little people performed like big people in everything from academics to sports to activities. We have to compliment them . . . They proved that they are real people too!

**"NO PROBLEM YET WORLD
...BUT YOU WAIT!"**

DON'T FRET WORLD . . . THESE PEOPLE ARE ONLY Juniors and before you have to contend with them, they have another year of 'seasoning' to go through here at Sanger High. We're not at all certain, though, that they need another year of maturing. Everytime we looked at one of the SHS events, we saw juniors. The members of the Class of 1982 did not wait until they were MIGHTY SENIORS to begin doing their thing. They have excelled already. Take a look: their members in the Council are tops, the junior athletes are some of the best in the school, their test scores on the national tests looked awfully good . . . and they have the determination to succeed in everything they turn their attention to. But remember, they are only juniors and, of course, we of the Class of 1981 would like to claim that 'we taught them everything they know.' . . . Maybe so, but probably not. It makes no difference. What counts more is that the Class of 1981 is leaving SHS in the hands of a competent group of people. When the Class of 1981 graduates . . . a whole lot of Juniors will be on hand to take over!

**"DON'T FRET WORLD
...THEY'RE ONLY JUNIORS!"** 7

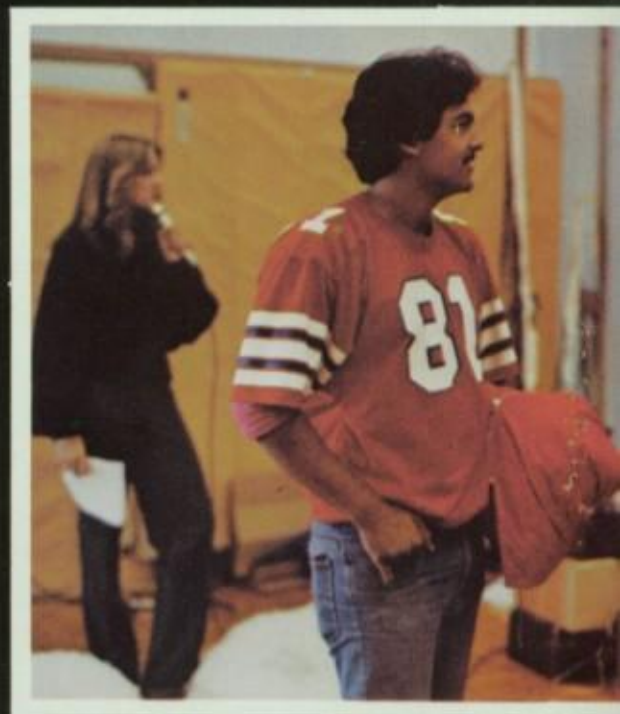

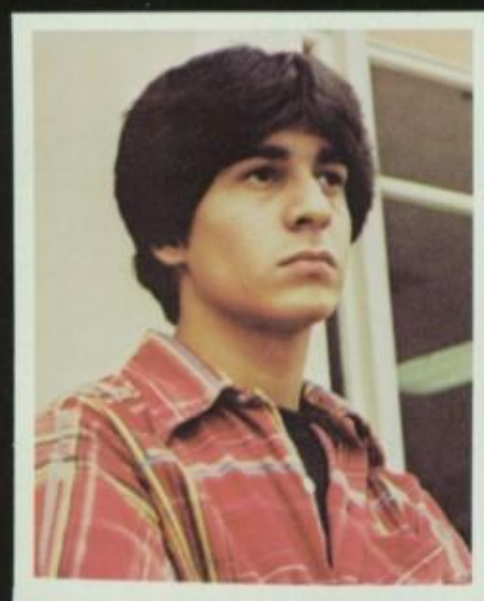

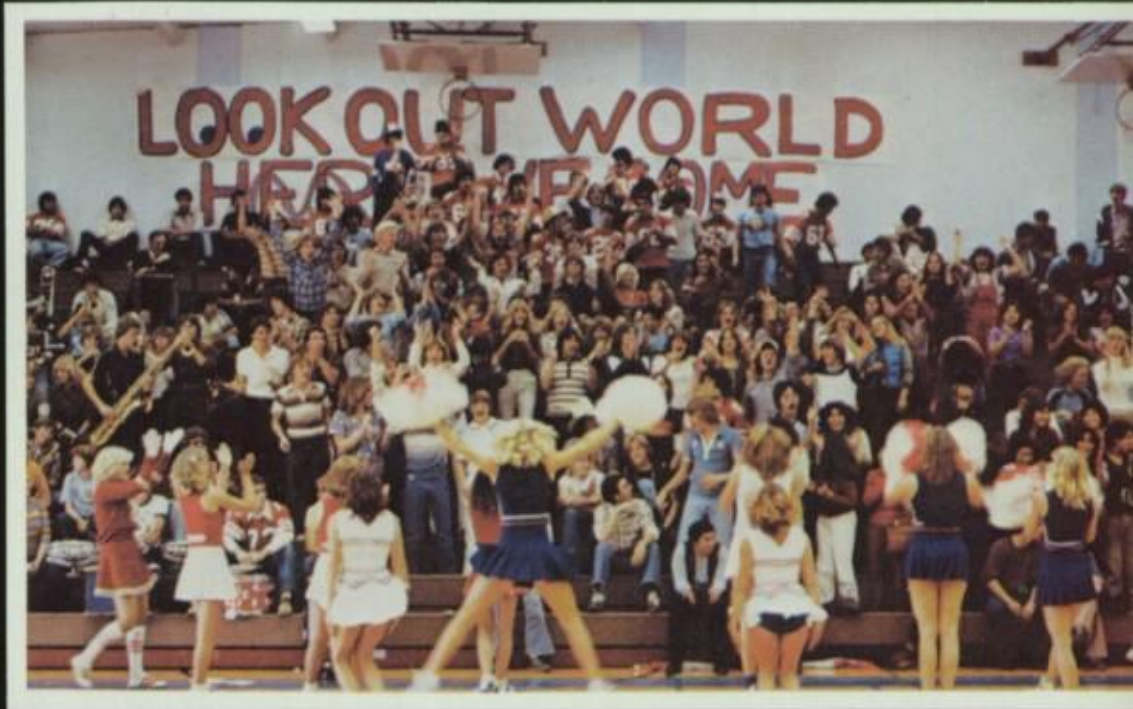

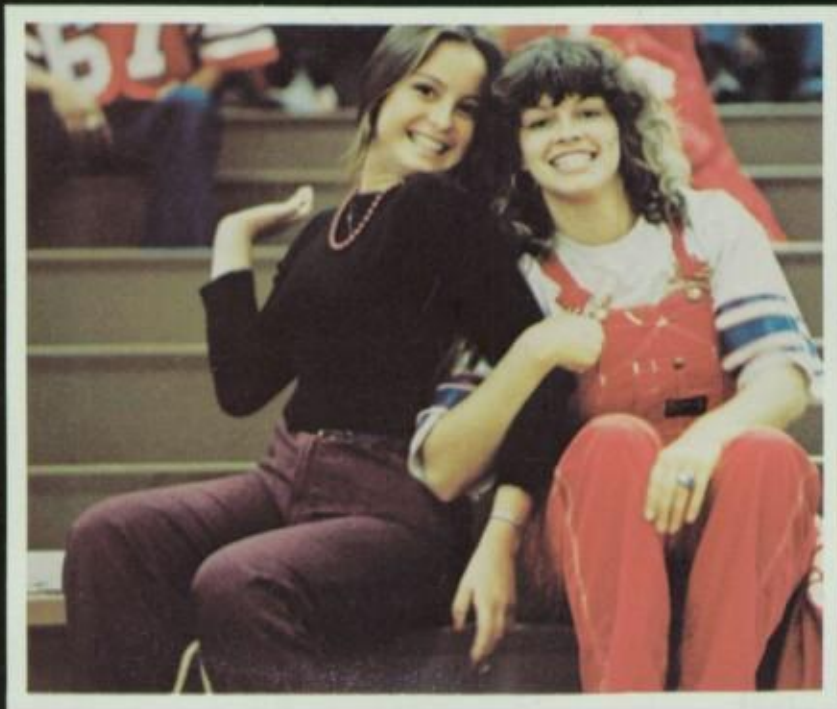

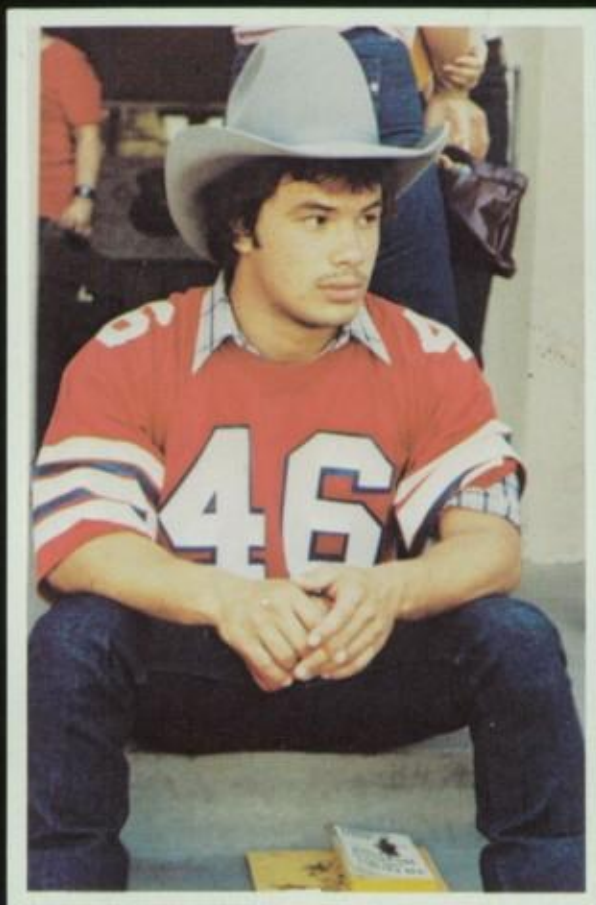

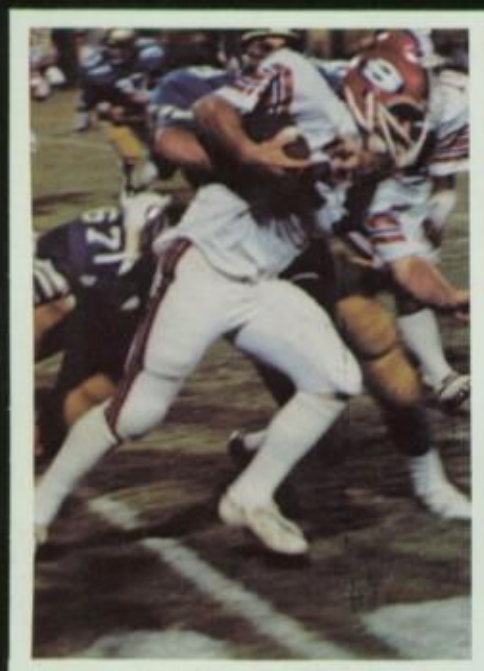

LOOK OUT WORLD HERE WE COME and we're ready for you! We hope that you are prepared for us. SANGER HIGH DID ITS JOB. We have knowledge, we have desire, we have the will to compete, and we're not expecting a handout. We're ready to work. After four years of SHS we are mature. We studied, we participated, we cared, and we showed our pride. Even though we don't want to admit it . . . we'll miss Sanger High. LOOK OUT WORLD HERE WE COME. Some of us are heading for college for a little more 'book work'. The rest of us are heading for the world of employment. We like to think that Sanger High is a little bit better than it was because of us. We have the people with the talents to do things . . . to get things accomplished. We entered SHS four years ago with trepidation . . . a little frightened. But that's all in the past. We're ready now. We have confidence in who we are and what we are. We know our strong points and we're working on those that need a little something extra. It's time for us to begin making our marks. So . . . LOOK OUT WORLD . . . HERE COMES THE CLASS OF 1981.

“LOOK OUT WORLD
HERE WE COME!”

SENIORS

The Class of 1981

SENIORS. Each year it is easy to say that this was the 'best year yet' and to look upon a class as being 'somewhat' exceptional. Reflecting on the four years of the Class of 1981, it becomes evident that they really were a little exceptional.

From their frosh year on, test scores, AP performances, merit scholarships, CSF membership and numerous other symbols of excellence signified success. The class members did not sit back and 'let someone else do the extra-curricular. They participated to the fullest and made Sanger High a more interesting place for them and everyone else. On these pages . . . our SENIOR SECTION . . . are the members of the Class of '81. The 1981 ECHO is dedicated to them. WATCH OUT WORLD HERE THEY COME!

Sanger High School 1981 Echo: Activities

Something for everyone here at SHS

ACTIVITIES. Sanger High wouldn't be the same without them! Even before school started, the Student Council was busy planning the activities that would break up the classroom work. The events were calendared prior to the beginning

of school and the Council made certain that there was something for everyone. If a Sanger High student was not interested in one activity, all he had to do was wait for the next one. All the activities: Homecoming, the rallies, Christmas Week, the other fun weeks, the special dress-up days, and the other activities were all designed to get the students involved ... AND THEY WERE THIS YEAR. Special compliments to Kathy Kacerek and Leslie Lehman, they made things happen. The Sanger High pride was evident week after week as successful activities were produced for the students of SHS

Homecoming 1980

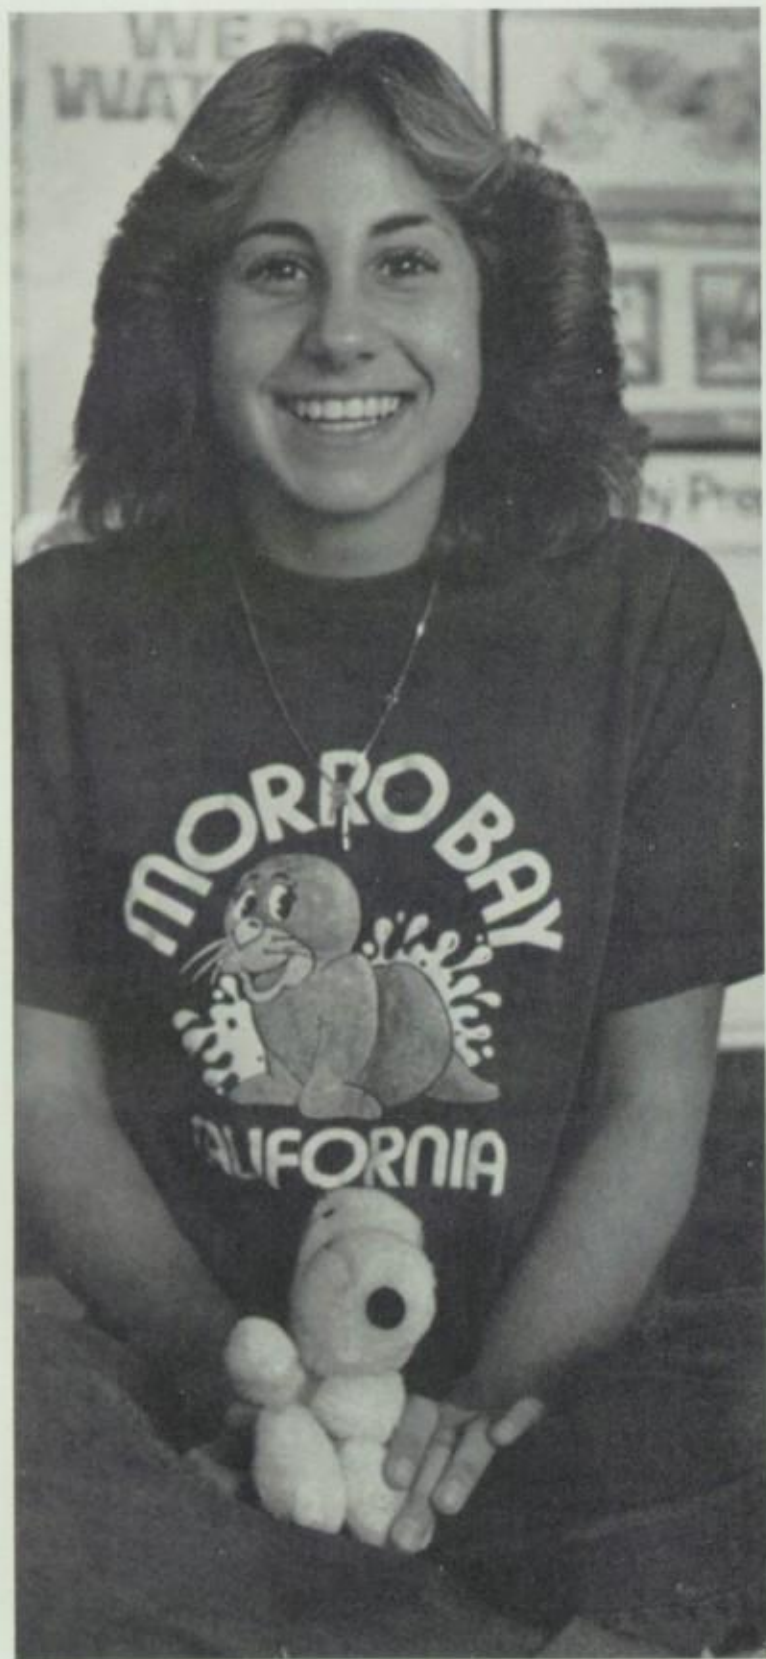

"The Beginning of a Bright New Decade"

The Sanger High student body had a difficult time selecting a homecoming queen this year. After the ballots were counted, recounted and recounted again . . . the results were the same. The students selected Diane Scholar and Diana Esqueda as the 1980 SHS Homecoming Queens. One of the most active and popular girls on campus, Diane Scholar was the choice of the French Club as their Princess and the choice of the Student Body as their Queen. She is also the Honor Choir accompanist, a pep girl and cheerleader and a member of CSF. Diana Esqueda, the MAYO Princess was also selected as our 1981 Queen and during her four years at SHS was involved in many of her class and club activities.

HOMECOMING WEEK

"The Beginning of a Bright New Decade" was the theme of this year's Homecoming festivities and as usual, the week was fantastic. It appeared that more students were involved this year than any previous year. Those who participate had fun doing it and those who didn't had fun just watching. The dress-up days added life to SHS, as did the stuffed animals day and the other special days. The Hi-Light of the week was rally, where the community was given an insight into the co-curricular life of Sanger High. It all led up to Friday night and the crowning of Homecoming Queen's Diana Scholar and Diana Esqueda.

“Senior Pride reflected in Parade Win”

The Senior class did it and they did it right! They took themselves seriously when they started making their Homecoming float and at the judging, the judges had no choice . . . They selected the Senior float as the best in the competition. Senior Heidi Hobbs led a group of talented seniors in making the winning entry.

SHS participates: San Francisco and Parade features Sanger High

The photos on these pages reflect some of the involvement of Sanger High. The activity of the members of the student body extended beyond the campus. Everything from travelling to San Francisco to welcome home a Naval ship to highlighting the traditional Sanger Toyland Parade took up some of the time of the students as they 'roundout' their personalities through participation. Schools was NOT limited to classroom work. The best students get involved.

Apache Rallies:

This year's rallies were among the best that the Seniors had seen through their four years. There were all types: the quad rallies, the gym rallies, the downtown rallies, the football bowl rallies. All were great and all added to the spirit of the athletic competitions. Rally Commissioner Kathy Kacerek worked hard throughout the year and was very effective in promoting the rallies this year.

1980 Christmas Royalty

For Derek Stephens and Cindy Sorensen the 1980 Christmas season was a little special as they reigned over the traditional Sanger High Christmas season. Selected by the members of their class as the King and Queen, Derek and Cindy were honored at the dance that evening. Planned and presented by the Sanger High Student Council, this years dance rated as one of the best yet. It was the first formal dance of the year and featured the students in their 'best attire'. For many, the dance was proceeded by dinner in some of Fresno's best restaurants; while for others a 'dinner at home' was the choice. This was the first opportunity for the Frosh to attend a formal affair here at Sanger High and the large number of the members of the Class of '84 showed that they are going to be involved students.

The Hi-Light of the SHS Spring season

Spring Week 1981

Monday

Inside-out Day. On this day the student body wore their clothing 'inside-out' ... This began the week as the BACKWARD'S DAY that would climax with the BACKWARD'S DANCE on Friday ... During the noon hour the 'wierdest feet' contest was held.

Tuesday

Scrounge Day. The students were dressed as HOBOS on Tuesday, but the big thing on Tuesday was the annual car show which hi-lighted the entire week. This was the 'big event' that even made Fresno TV.

Wednesday

Jersey Day. On Wednesday the 'in people' on the campus wore jerseys. But it wasn't all jersey's as the annual FASHION SHOW was held in the auditorium and featured some of the 'pretty people' of Sanger High modelling the fashions of the day.

Thursday

Sweats Day. Today you wore sweats even though the temperature hit 80 degrees. This was the day of the MINI-OLYMPICS where the events of the day featured everything from sitting on ice to wheel barrow races. Students who didn't earn were allowed to buy tickets.

Friday

Spring Day. Traditionally this is the dress-up day of the year even though the dance was not dress up. The day featured the SHS girls and guys in their 'best' spring outfits. Climaxing Spring Week was the 'Backward's Dance' that featured the girl ask the boy and the wedding ceremony aspects.

Sanger High School 1981 Echo: SHS Faculty

Only the best are good enough

The Sanger High faculty led by Principal John Haro, a newcomer to the school this year, put in another year of dedicated service to SHS. Of course, this is nothing new because we have an outstanding faculty. Newcomers Brad Polzin, Richard Pharr, Durbin Lenocker and Steven Natsues complimented last year's staff and even made it better than it was. Our faculty provided something for everybody. From Agriculture to English, the faculty provided programs that fit the needs of each of us. A look at some of our accomplishments tells

the story well Our faculty did a job and they did it well. Not to be overlooked, our administrators were exceptionally effective as they did their jobs in such a way that they remained one of us. They provided a place for us to learn as well as relax and have a little fun. Our faculty and administrators are typical SHS'ers They have pride in who they are and what they do.

Effective leadership produces quality education

Superintendent of Schools Dr. J. Donald Dorough has his office off the Sanger High campus, but his input into the educational process here cannot be denied. Under his leadership the Sanger Schools are fine schools and our motto: "Always With Pride" and "We have something to show off" reflects his attitude and his desire to produce the best education possible for each student in the District. The Board of Trustees of the District are individuals who donate a great deal of their time and effort on our behalfs and we seldom find the time to say it, but, "We do appreciate all you do for us and your obvious concern for us."

A new principal! John Haro became the third Sanger High principal in three years. From Antioch, Mr. Haro brought to his job administrative experience that enabled him to fit right in and do an outstanding job. His chief characteristic though was his sincerity and friendliness. From his first day on campus he showed he cared he showed he liked students. In turn he was liked by the students. Sanger High's outstanding corp of administrators (Bob Buchanan, Bob Bender, John Haro, Bill Hedman, Joan Fuchs and Ruben Jimenez) were great and had our welfare in mind. They did their job in such a way that 'even when we were caught' we didn't blame them!

Leadership through a team effort

SHS GOVERNMENT. Another year and another Student Council. ASB President Ken Nelson served as the leader of the group this year and the Council 'Did their thing' in a most effective manner. This was an active year at Sanger High and the Council members were the most active students on campus. Virtually no activity took place that didn't have the Council involved. The rallies the dances, the assemblies, the special days and weeks and many other activities were spearheaded by this effective group. They were not 'calen-

dar watchers' as they did not duplicate last year or previous years. The group inovative and constantly came up with new ideas to get the students involved. These students were leaders and had the ability to work well with all segments of the school: the student body, the faculty, and the administration.

SHS student leaders

Those who were counted on

Sanger High Leaders. There are many and most of them receive a great deal of publicity. There are, however, many students who, throughout the year, do a great deal for the various clubs and organizations on campus. Pictured on these two pages are members of the Sanger High student body who have distinguished themselves this year through their day in and day out participation. These ARE Sanger High's leaders

Seniors

SHS SENIOR SENATORS. Row 1: Cindy Cranston IV, Elaine Cantu, Christi Cranston, Cassia Cranston II, Kristen Baird and Liz Kennedy. Row 2: Theresa Hayakawa, Richard Reagan and H. H. Humphrey. Row 3: Jack Larsen, Brian Gong, Ray Sanchez, Brian Walton, David Cranston III, and Thomas C. Hernandez.

Juniors

SHS JUNIOR SENATORS. Row 1: Dawn Wilken, Kathy Olk, Natalie Murrillo, Tracy McPherson, Sharon Heinrichs and Beth Soriano. Row 2: Tony Olmos and Jeff Kruger.

Sophomores

SHS SOPHOMORE SENATORS. Row 1: Stacey Larsen, Cynde Ramos, Della Trotter, Mari Ashida and Diane Vanarette. Row 2: Roger Hitchcock, Liz Garza, Kim Baird, Karla Keller, Teresa Tinoco, Lisa Lowrey and Teresa Saenz.

Freshmen

SHS FRESHMAN SENATORS. Row 1: Martha Torrez, Annie Picar, Karen Tufts, Lisa Katayama and Lori Karle. Row 2: Albert Morales, Cheryl Chin, Esmerelda Martinez, Shalene Smith, Joyce Ogawa, Kim Cooney and Bambi Wheeler.

Those who were interested got involved

THE SANGER HIGH PRINCIPAL'S ADVISORY. Row 1: Cindy Winter, Patt Villarreal, Dawn Wilken, Jessica Lopez, Natalie Murillo, Ruthie Pinedo, Leticia Diaz, Della Trotter, Jenevieve Arenas, Denise Bowers, Michele Schmidtgal, Tommy Carrillo, Norma Solis and Mary Ann Padilla. Row 2: Janie Leal, Janice Mamigonian, Joyce Chin, Lisa Yamamoto, Ed Guest, Gail Altman, Cassia Feigel, Sharon Heinrichs, Tammy Morin, Teresa Macias, Lisa Freeman, Monique Rodriguez and Diane Navarette. Row 3: Patrick Leong, Ray Sanchez, Brian Walton, Brian Gong, Jeff Kruger, Tony Olmos, Tom Hernandez, Buddy Navarro, J. Gregory Wilson, Richard Romo, Martin Torres and Rick Valdez.

THOSE WHO WERE INTERESTED GOT INVOLVED! These students got involved! Mr. John Haro was the new SHS principal this year and continued a tradition that was developed a few years ago . . . **THE PRINCIPAL'S ADVISORY.** These students met frequently with Mr. Haro in order to present to him the student side of the educational process. They talked, he listened, and 'things got done'. The SHS Senate was absolutely fabulous. ASB Vice President Nycole Breshears really showed her interest and ability by the way she handled her Senators. Week after week they were busy 'working for Sanger High'. It will be very difficult for next year's Senators to outdo this year's group.

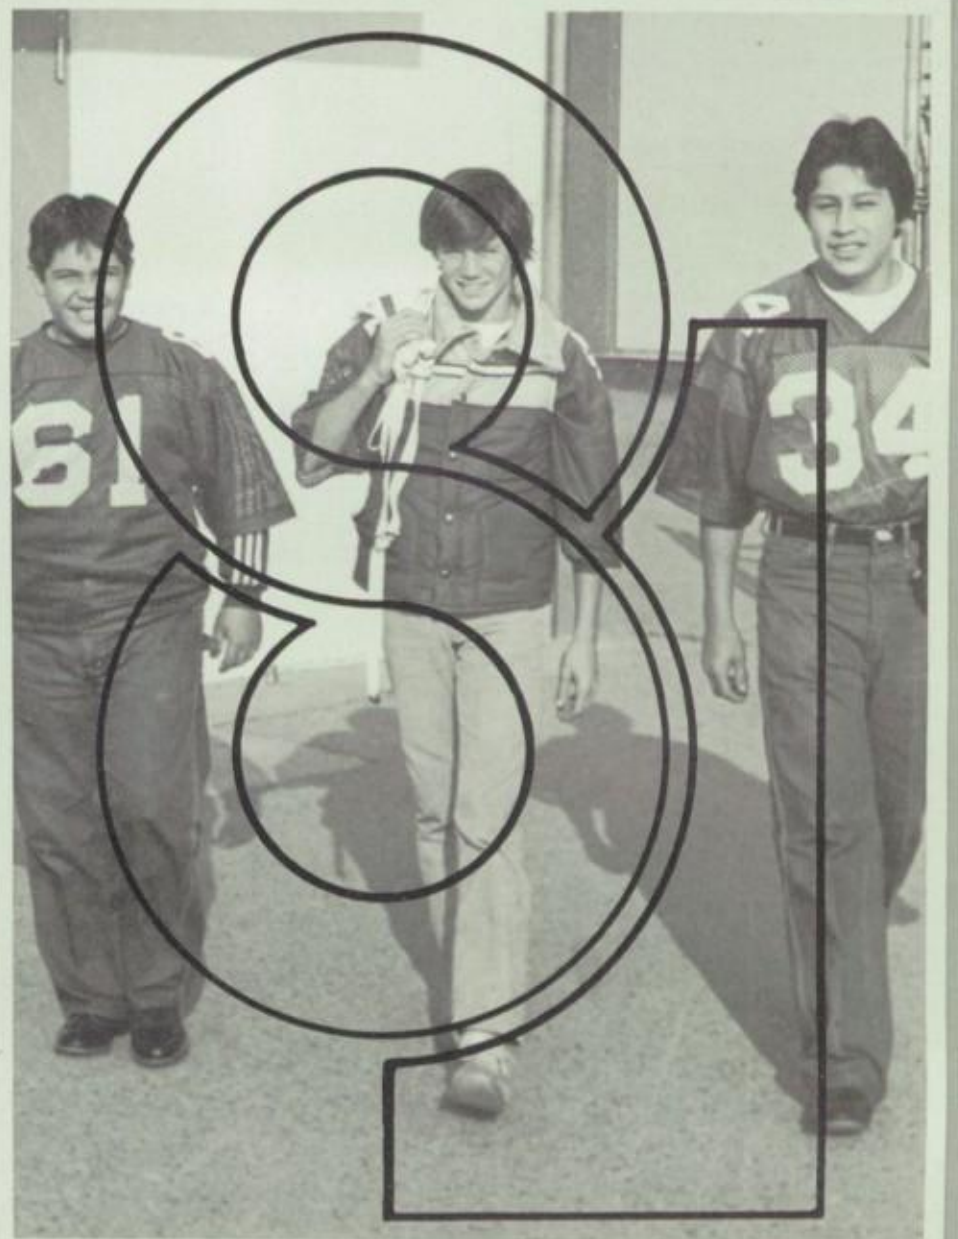

Sanger High School 1981 Echo: SHS Classes

Something for everyone at SHS

THE CLASSES. On these pages we feature our underclassmen Our juniors, sophomores, and freshmen. In a week or so, the SENIORS will have graduated and the future of SHS now rests with these people. If the past is any indication, the Class of 1981 is leaving the school in good hands. These 'little people' are talented. They have displayed their talents, not only in the classroom, but on the sports fields, in the club activities, in journalism, in drama, in music and virtually every other aspect of Sanger High. Throughout the

years one wonders who will replace the graduates Who will 'you' ever get to do what the Seniors did? But it always happens, the replacement is there just waiting to be given the chance. That's what makes SHS great. There is something for everyone and everyone is given a chance.

1981 Echo: SHS Organizations

The involved students participated

Some of the outstanding organizations of SHS include the pep and cheer squads, choir and band, the drill teams, drama, MUN, FFA, NJROTC, and last, but most important, the Hi-Lights and Echo staffs. These groups are participated in the involved student of Sanger High. By becoming involved in these groups, students made school not only educational but also a fun and exciting experience. The pep and cheer squads did not let us down. They provided the school with spirit throughout the year. The music department again

proved its superiority by winning many of their competitions. MUN was again great so were FFA, FHA-HERO, and NJROTC. The journalism staffs were very involved this year and the weekly Hi-Lights was exceptionally good and we think that our ECHO staff produced the best book yet. There was something for everyone and the involved students participated.

Valerie Brazeal and her cheerleaders once again proved that they were an excellent group as they returned to SHS with trophies after their various competitions. In addition to the competitions, the group was instrumental throughout the year in promoting SHS spirit and creating SHS pride and loyalty among the members of the student body. In addition to their performances at the major games and contests, they performed at many of the minor sporting events and at the pep rallies.

Sanger High Vocal Choir

Very little need be said about the Sanger High vocal music program. Mr. Wiens has 'his act together' and throughout the year he and his singers are called upon to provide the musical entertainment at various community functions. Needless to say, his groups were again rated 'Superior' at the annual music festival. Rated 'as high as was possible,' the Sanger High Honor Choir brought much honor to Sanger High. This group earned their fine reputation through their numerous performances around the State of California.

SHS Band and Choir rated '1' at Festival

The Sanger High Concert Band under the Direction of Mr. Bill Jaime and the SHS Concert Choir under the direction of Norman Wiens once again earned the top rating at the annual Music Educator's Festival in March. Both groups presented difficult material to the adjudicators, who were impressed enough with the quality to continue the Sanger High tradition of 'Superiors' at the annual festival. In addition to these major groups, the Beginning Mixed Chorus, the Advanced Mixed Chorus and the Cadet Band earned 'excellent' ratings.

This was an eventful year as far as the production of the weekly edition of the Hi-Lights was concerned. Editorial differences of opinion, staff changes, procedure changes at the Sanger Herald all contributed to an 'eventful' year. But the paper was published week after week. The editorial duties were handled by Matthew Gurule (for awhile), Diana Martinez and Celeste Staffero. All over the place doing a little of everything was photographer Brian Brisco, who became the best Sophomore photographer Mr. Peoples ever had. J. Gregory Wilson also made his mark as he developed as the leading writer on the staff and was named the KYNO reporter in his freshman year.

Sanger High NJROTC
U.S. Navy reports: "SHS unit is the best in the Western US"

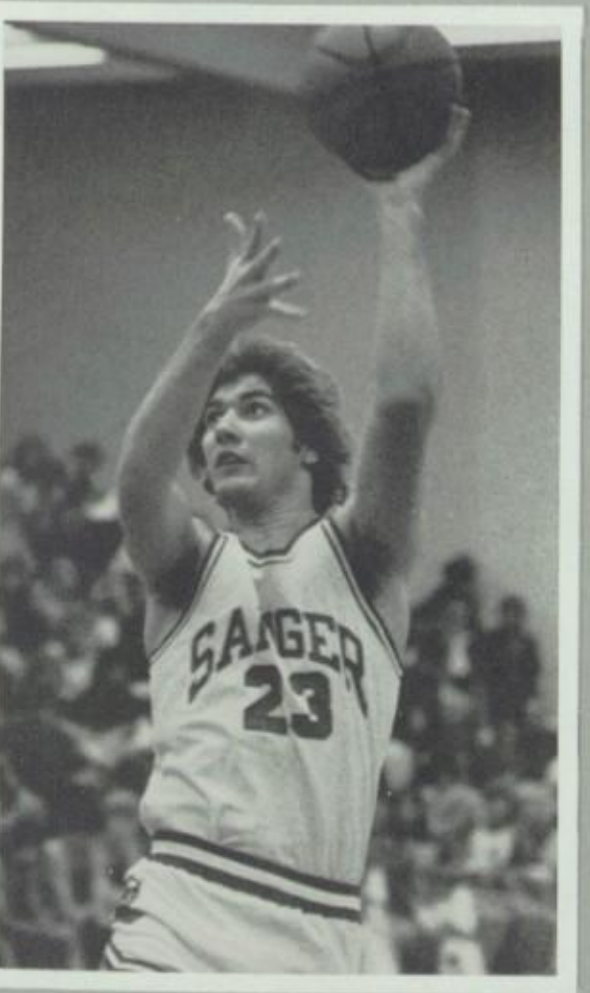

Of all the outstanding things going on here at Sanger High, nothing outdoes the Sanger High NJROTC unit and its activities. The 1980-81 unit ranks among the best ever and throughout the year provided outstanding representation for Sanger High at numerous events. They take their jobs seriously and the results show it.

The Pride of SHS

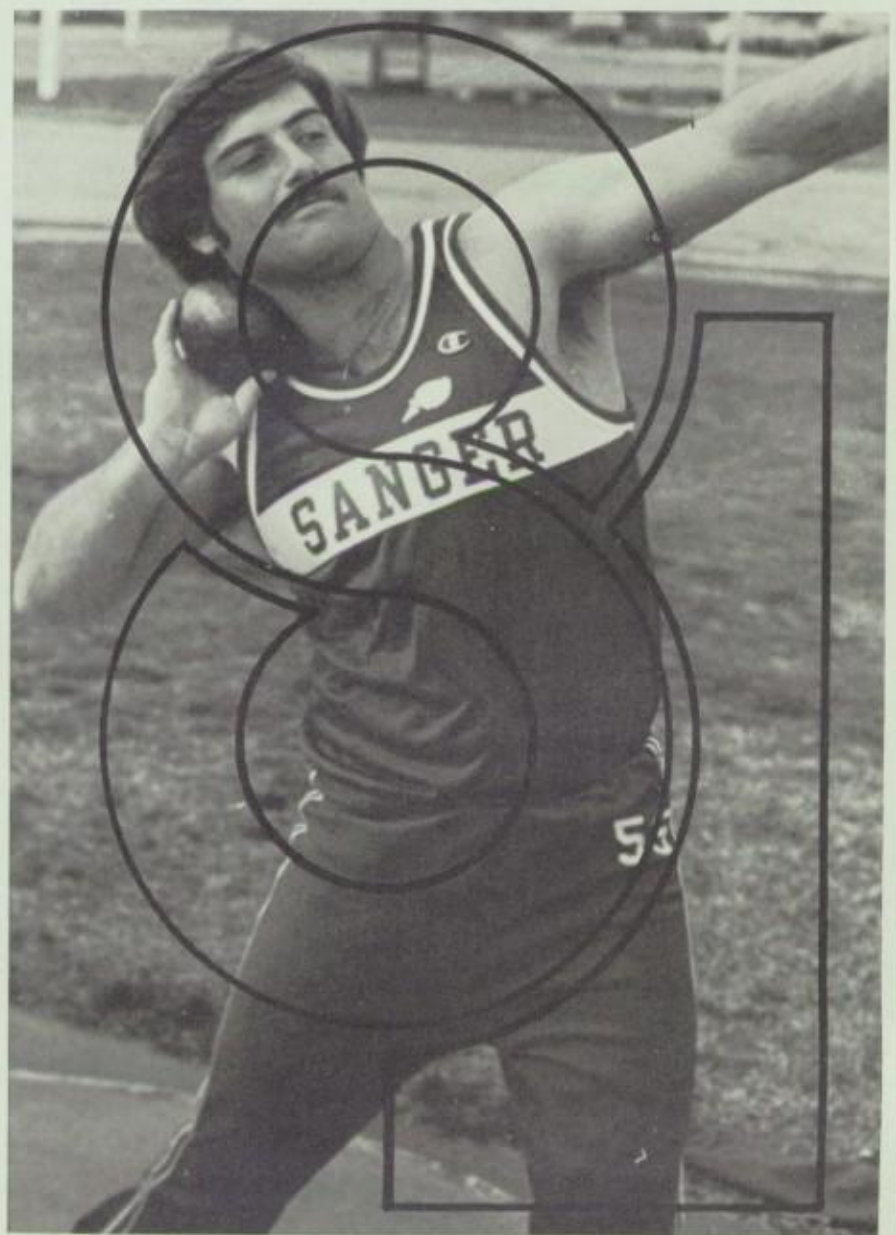

Sanger High School 1981 Echo: Sports

"We're Apaches and We're Proud"

SHS SPORTS . . . From August through May things are happening relative to Sanger High sports and this year was no exception. Right from the beginning the Apaches were determined to make this year a memorable one because it would be the last year in the West Yosemite League. The Cross Country squad and the Soccer squads (both varsity and JV's) ended their seasons as league champs. Next year its off to the North Yosemite League where the Apaches will compete against the

Fresno schools. The Apache Boosters again came through with their support, which included three banquets and the purchase of needed equipment. Apache sport's enthusiasm was high among the members of the student body, many of whom attended most of the numerous athletic events and contests. The Pep and Cheer squads added that little bit extra to the program as they not only attended the major sporting events, but also the minor sports.

1980-81 Apache Boosters Banquet Recognition for.... Apache

The Apache Boosters again this year were 'most active'. Their interest in the Apaches was very evident throughout the year and the photos on these pages reflect their interest. In addition to their banquets, the Boosters assist in the SHS athletic program through their purchases of needed athletic equipment. President Tom McCandles led an energetic group of Boosters through their active year and showed once again that the Sanger community is behind the Apache program.

SHS 1980 APACHES

These are the FALL APACHES of SHS. These people made-up the 1980 Sanger High football, volleyball, cross country and water polo squads. The Apache cross country runners led the way this year as they repeated as the WEST YOSEMITE LEAGUE CHAMPIONS. Led by COACH DAVE DODSON, the 1980 Apache football squad under new head mentor FRED RATZLAFF was tough defensively and although hampered by injuries always fielded a competitive squad. In Volleyball this year's Apaches were the best ever for SHS. Their pride and determination was evident throughout the season. The West Yosemite League picked APACHE LORI CUCUK for membership on the all-league squad. APACHE DE-REK STEPHENS was Sanger High's representative on the WYL football all-league squad. In Waterpolo, the waters were rough. The Apaches were small and inexperienced and had difficulty winning contests.

Tanimoto's Braves impress foes in WYL

This was a good but not great year for Tanimoto's Braves. They played outstanding football but lost a couple of close ones and didn't win the WYL title this year. Their second place league finish was impressive as no team was able to completely dominate them. The Frosh found trouble throughout the year but gained valuable experience for the 'bigger' teams next year.

No problem: Sanger High varsity soccer team wins

With a perfect won-lost record the Sanger High Apache soccer squad won the West Yosemite League title and Coach Tom Miles was named the 'Coach of the year' in the WYL. Fielding his best team ever, Miles guided his players to the title and into the Valley play-offs. Leading the squad throughout the season were WYL all-stars Louie Calderon, Matt Helimaki, Guy Martin and Jose Almarez. In addition, although injured part of the season, super-star Jaime Ovalle was instrumental in leading the squad to many of their wins. Mike Prestridge was the 'iron man' of the squad as he only missed 'six minutes' of one contest throughout the long soccer season.

1981 Echo: Senior Memories

The Seniors remember and plan ahead

SENIOR MEMORIES . . . Another group of Sanger High graduates look back (memories) and forward (goals) after spending four years on the SHS campus. For the most part, the memories are personal and fun . . . only the writer knows for sure what memory was recalled and expressed on these next few pages. The goals of the members of the graduating class are not unlike those of the graduates who preceded them. Most often, the graduates want to 'become rich', for others though, that doesn't seem important. The Class of

'81 is made up of individuals, each is unique and no two are similar. Most of the members of the class remembered the fun times and the individuals who made their lives interesting and meaningful. One thing is certain though, this WAS the class. They are ready to face either work or more school. Whatever they choose each will succeed. One thing is certain though they are ready as each admonishes: "Look out world here we come."

I am glad to
say we were just about
out of school now, our
friends are going there separate
ways, but I hope we can
remain friends for many yrs.

MR. PEOPLES: **FUTURE GOAL:** Never-ever read another Senior Memory!

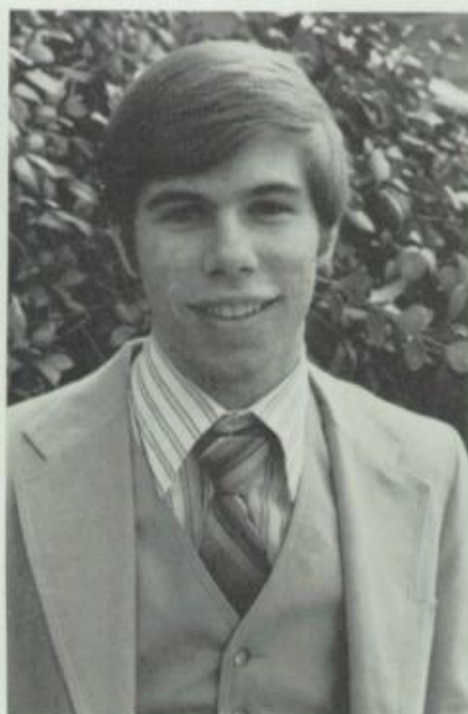

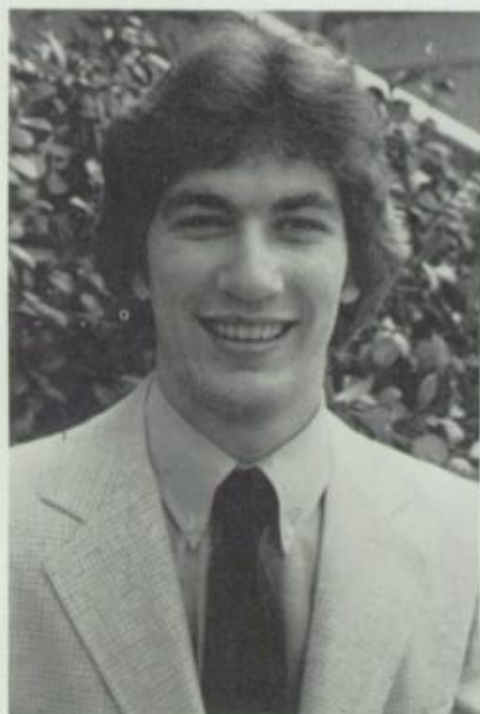

Jerry — Too bad you weren't in photography for the entire year as I'm sure both you and others would have gained from your presence. Your determination and initiative will take you a long ways. It was a pleasure to have you in photography and I wish you great success. (maybe playboy centerfolds?) Any time I can be of help, let me know.

Keep getting better always

Sanger High School 1981 Echo: Clubs

Clubs got the 'best' involved

A part of the co-curricular life of Sanger High centers around the active, and sometimes inactive, events of the SHS Clubs. For the clubs that were active they tended to be very active (Tri-Hi-Y, Journalism, FHA-HERO, FFA and MUN to name a few) and seemed to have something to do all the time. For the few that were inactive it appeared that they were clubs in name only. A few clubs cancelled photos this year because of inactivity. Nevertheless the Clubs on campus were an integral

part of the school. Club membership (if you were in the right club) helped to 'take your mind off the class work' and gave school a special meaning. The activity list of the various clubs showed that there is more to clubs donated time, effort, talent and funds to support worthwhile local, state and national projects. All in all, Sanger High benefited from many of the SHS clubs.

Sanger High School 1981 Echo: Advertisements

They didn't say NO . . . Not once!

SHS ADVERTISEMENTS. The Sanger High School program is a part of the entire community and the entire business community year after year supports what we do here on campus. No where is this more evident than on the pages that follow. The business firms of Sanger were asked to advertise. THEY SAID YES! They always do. Without this support we simply could not function. Proposition 13, the belt-tightening of President Reagan, the vanished surplus of funds on the state level

and inflation simply caught up with us. It became harder and harder for us to 'find the funds' to do what had to be done. So . . . we went to the business firms and we asked them to advertise . . . not only in our Echo, but in our several programs. THEY SAID YES! Obviously we appreciate it, but we're certain that they are unaware of how much we really do appreciate it. One thing is for certain: When we said THANKS when they said YES . . . We really meant it!

Echo . . . 1981

As this year has come to an end, we leave behind many experiences. We look forward to the future as we cherish the past. Our 1981 Echo will be our reminder of the year. We, the staff had our rough times: "This is not a threat . . . , but, if things don't get finished . . . , no one leaves!" Things did get finished and we had a lot of great times finishing them. It's said that you get out of something what you put into it. Well, our 'something' produced this year's edition of the Echo, our bridge back into this past year.

Although there are so many people to thank, no one is more deserving than Mr. Peoples. Throughout the year he had more than the normal amount of patience and tolerance. Mr. Peoples taught us more than how to put a yearbook together, he taught about life. Special thanks had to be given to our photographer, Gary Kazanjian, who without his work, we simply wouldn't have been able to complete this book.

We hope you enjoy this year's Echo. The endless hours and the enormous amount of work have all come together. The book is finished, but the memories will linger on forever.
